ABOUT US

Companion Funeral Home is family owned and operated by the Cody family.

The story of Companion Funeral and Cremation Service began in 2011. Years before in November of 2008, Robbie and Shelli Cody opened Constant Companion Pet Crematory and supported many local families through the loss of their beloved pets. During that time, multiple satisfied families encouraged them to pursue a traditional funeral home where all members of the family could be cared for with the same dedication. After months of thoughtful deliberation, renovations were started to make the facility compliant with Tennessee state laws and regulations for a funeral establishment. In August of 2011, they were granted their establishment license and began practicing as a traditional funeral home.

Since our humble beginnings, we have grown from a firm that would host services in a family's home church or centralized location to a full-service funeral home with a spacious parlor, chapel, and on-site crematory. We continue to grow, and promise to stay true to our roots and never lose sight of our mission as a company: to provide professional, compassionate, and dignified services at the most realistic prices. We are family-owned and operated and take pride in the service and care that the Cody family offers our community.
